Initiatives by College towards Green Campus

- Every year at institute campus and nearby places we have conducted activities of Tree plantation. Various types of trees that can maximize the Oxygen emission and consumption of carbon dioxide are planted in the campus.
- The purpose of tree plantation is to make the environment pollution free.
- The entire campus is located in the vicinity of man trees (species) to maintain the Bio-diversity. As mentioned every year tree plantation programs are being organized through NSS and Extension activity cell.
